MOSAAB KAROU

CINEMATIC MOTION DESIGNER & AI-DRIVEN MEDIA STRATEGIST

Bespoke digital asset creator specializing in high-end cinematic 3D motion graphics, professional product media production, and automated multilingual localization. Expert in AI prompt engineering to deliver premium visual assets across global markets.

Master 2 Digital Marketing student at EHEC. I combine marketing strategy, web development, automation and car photography.

SELECTED CASE STUDIES

CASE 01 — YOUTUBE CHANNEL OPTIMIZATION

Visual Layout Optimization

Objective: Re-engineer channel branding layouts to capture algorithmic traction and enhance organic visibility.

Applied advanced composition techniques to construct high-contrast, narrative-driven thumbnails, resulting in sustained organic channel reach and improved audience alignment.

CASE 02 — E-COMMERCE BRAND MEDIA

Commercial Product Visual Assets

Objective: Create high-end visual assets for digital campaigns to lift target audience engagement.

Engineered clean, photorealistic product setups with dynamic studio lighting and distraction-free backgrounds, elevating the product's perceived market value.

CASE 03 — CUSTOM 3D BRAND ANIMATION

Ahmed's Pizzeria — Visual Identity

Objective: Modernize a local restaurant's visual identity for digital displays and social media.

Modeled and animated a custom 3D cinematic logo reveal featuring warm lighting and realistic textures — no pre-made templates, delivering a unique brand asset.

PROFESSIONAL EXPERIENCE

Freelance Motion Designer & AI Media Contractor — 2023 — Present

Self-Employed · Global Remote Clients

- Deploy custom 3D animations, product visuals, and localized media assets for international clients across e-commerce and digital media sectors.
- Manage a 100% remote global client pipeline through Agent AI translation models, ensuring fluent professional negotiations across multiple language barriers.
- Produce realistic localized voice-overs and audio tracks for multi-regional marketing campaigns via automated vocal synthesis pipelines.

Visual Content Creator — 2021 — 2023

Freelance · Regional Digital Commerce

- Produced professional marketing graphics, product mockups, and corporate video banners for regional digital commerce shops.
- Maintained strict delivery schedules while adapting creative briefs into high-impact, clean visual formats — streamlining workflows, reducing revision rounds by 30%.

EDUCATION & KEY CAPABILITIES

Master 2 Digital Marketing

EHEC

Digital marketing: strategy, content, web development and automation.

Digital Media & Visual Effects

Self-Directed Advanced Studies

3D production pipelines, cinematic lighting, color theory, and advanced post-production techniques.

AI Media Localization Specialist

LLM Translation & Voice Synthesis Frameworks

AI prompt engineering, multilingual voice synthesis, and cross-cultural digital asset localization for global campaigns.

STUDENT LIFE
